WHOLE GRAINS ARE GREAT FOR BRAINS! Our Honey Whole Wheat bread provides sustained energy, vitamins, minerals, and antioxidants. This helps children perform at their best. Most important of all, kids love the taste! Add a slice to their breakfast or lunch or afternoon snack.

WELCOME TO OUR FALL BREAD LINE UP—lots of delicious changes to tickle your taste buds. In response to your requests for a low sodium bread, we will begin baking a **REDUCED SODIUM WHOLE WHEAT SUNFLOWER SEED BREAD** on Wednesdays beginning 9/15. We had wonderful response to the **FLAX OAT BRAN** and **BLUEBERRY STREUSEL** breads we test baked last month so you will see these wonderful breads on the Wednesday menu. Also, we have brought back **CHEDDAR GARLIC** and **ASIAGO PESTO** just in time for the cool Fall evening dinners. And, for a quick, nutritious lunch, **HOT SOUP** to back on our lunch menu.

DO YOU TWEET? Follow us on Twitter at **GHBCFairlawn** to see the daily scone and muffin selections.

Now offering free Wi-Fi in the Bakery.

FRESH GROUND FLOUR MAKES ALL THE DIFFERENCE

EATING AT HOME MORE? For lots of reasons, we are all eating at home more these days. And, we are looking for **QUALITY AND VALUE** when we do our grocery shopping. Ever wonder why Great Harvest bread tastes so great? It starts with a very special type of Montana High Plains grain called Hard Red Spring Wheat. Moisture affects a wheat's protein content. The arid climate of the High Plains produces wheat with a higher protein content. At Great Harvest, we grind Spring Wheat kernels fresh every day to make our whole wheat flour. When we say "whole wheat" we mean it! We keep all three parts of the wheat kernel: the endosperm, the bran & the wheat germ. All flour starts to lose its nutritional content soon after grinding, so we use our flour within 48 hours. We then bake it to seal in freshness. This is why Great Harvest bread has **SUPERIOR NUTRITIONAL QUALITY**. And, ounce for ounce, you can't beat the **VALUE!**
